

## New Pride Corn Hybrids for 2009 Include:

GRAIN HYBRIDS	CHU	FEATURES	TRAIT
A4001RR	2225	Very early dent hybrid that offers outstanding natural stalk strength and plant intactness through to harvest and with early drydown.	
A4170RR	2250	Excellent as stand alone or refuge Roundup Ready hybrid. Outstanding yield potential.	
A4176BtRR	2275	Early leading double stacked with excellent yield potential and stalk integrity.	
A5396RR	2700	New Roundup Ready hybrid that provides outstanding silage quality and yield potential.	
A6009Bt	2800	Outstanding BT with high yield potential and good agronomics through the season.	
A6011RR	2800	High yielding Roundup Ready hybrid with excellent plant health and yield potential.	
A6012G3 PRIDE 	2800	Pride G3 hybrid featuring YieldGard VT Triple technology. Industry leading yield potential for its maturity. Good plant intactness.	
A6094G3 PRIDE 	2850	Top performer in maturity tests. Pride G3 hybrid featuring YieldGard VT Triple technology with the Roundup Ready <i>crop safety yield advantage</i> .	
A6564G3 PRIDE 	2900	Pride G3 hybrid with maturity leading yield potential and featuring the YieldGard VT Triple technology with the <i>crop safety yield advantage</i> of Roundup Ready. Outstanding grain quality.	
A6619RR	2950	Outstanding Roundup Ready hybrid that can be used alone or as a very good refuge hybrid.	
A6718Bt	2975	Outstanding Bt with maturity leading yield potential and outstanding stalk strength through to harvest.	
A6622G3 PRIDE 	2975	Pride G3 hybrid featuring YieldGard VT Triple technology with very good yield potential, complete inside out insect protection and the Roundup Ready <i>crop safety yield advantage</i> .	

<b>A7143RR</b>	3100	Outstanding Roundup Ready hybrid in a new genetic family that offers very high yield potential with good grain quality and stalk strength.	
<b>A7243Bt</b>	3125	High yielding Bt that provides yield punch and maturity flexibility.	
<b>A7244BtRR</b>	3125	Double stacked winner for yield and standability.	
<b>A7245G3</b> 	3125	Excellent genetics package featuring Pride G3 inside out insect protection with high yields and very good stalk strength.	
<b>A7444RR</b>	3175	Outstanding new silage that is tall and produces both high quality and high yielding silage.	
<b>A7450BtRR</b>	3200	Outstanding silage hybrid with corn borer protection. Produces high yielding quality silage.	
<b>A7646Bt</b>	3250	Outstanding grain quality and very good yield potential for maturity. Excellent stalk strength.	
<b>A8168G3</b> 	3350	Pride G3 hybrid with top end yield for maturity and featuring YieldGard VT Triple technology. Outstanding standability and stalk intactness through to harvest.
